3 (Sm 57). Greg/sax; Leslie, guitar amp
1 DI * Discuss need with Keys musician
Standard house micing (or none) for house drums and house B3 and Leslie if applicable
 Mic stands for Greg, 2 STRAIGHT w ROUND BOTTOMS

When house B3 not available, 2 tier organ/piano option possible; DI for piano, and mic on Leslie speaker.

Tech note from Greg: Once sound check is completed and dialed in, please do not adjust Greg's horn/vox vol/eq/reverb, unless directed by Greg or requested monitor mix needs of his band-mates. Greg's performance is very much natural tone dependent, prefers to work off mains (vs monitors) whenever possible depending on the room acoustics and position of mains.
